SMALL GROUPS

All coach quotations will be based on 40 paying passengers with 5 free places. Air tours are costed on 30 paying passengers + 3 free places.

We are fully aware that in the present economic downturn many school's will struggle to recruit sufficient numbers to fill a coach on their own. Ski and Sport will treat all groups the same, irrespective of size. We are happy to combine smaller groups on coaches to ensure the tour goes ahead as planned and at the price quoted. We will endeavour to do our utmost to keep any travel variations to a minimum.

Alternatively we are happy to base any quotation on lower numbers either by coach or by air. Should a group of less than 40 paying passengers travelling by coach elect to travel on their own they will be asked to pay the appropriate supplement of £3 per person below 40. Some examples are shown below:-

No of paying passengers	Amount of supplement
37	= £9.00 per person (ie 37 x £9 = £333.00 total)
35	= £15.00 per person (ie 35 x 15 = £525.00 total)

SNOW GUARANTEE

Resorts have been chosen carefully for their snow record and it is very rare to find little or no snow in the resorts we feature. The following table gives an idea of some of these resorts and their snow record. All of our resorts also have a high percentage of snow cannons covering runs eg. Folgaria with 92% coverage.

Resort	Top Ski Height	Season Length	Comments
Bormio	3000m	Late November to late April	Glacier nearby
Santa Caterina	3000m	Late November to early May	Glacier nearby - best snow record in Italy
Tonale	3000m	12 months	Own glacier
Gressoney	3400m	Late November to late April	Altitude ensures good snow

This will obviously supplement the natural coverage Ski and Sport will ensure that all groups will ski as booked and in the unlikely event of having no snow in the resort of their choice they will be transported free of charge (or moved to) the nearest "open resort" with adequate snow and provided with a lift pass for that resort. If there is no snow in any resort in the immediate area accessible by transport, then a refund per day will be given via the insurance cover for missed skiing.

* Groups have the option of taking their own insurance at the appropriate reduction.

** We offer what we feel is the best party leader family concessions on the market: Party leader spouse travels at half price. 2 party leader children (under 17) travel at 50% These are subject to a minimum group size of 40 paying passengers. Smaller groups are given a prorata concession and free place ratio if required.

INFORMATION

INFORMATION

What you book is what you get!

SKI SCHOOL

We will only be using the local OFFICIAL ski school in each resort. This ensures that all instructors are fully qualified, groups in lessons will have priority on lifts and an official certificate will be given to all pupils at the end of the week. Group sizes will be a maximum of 12 for ski groups and 8 for snowboard groups.

EQUIPMENT

We will ensure that all equipment is of a high standard, fully serviced and changed regularly. Our representatives will oversee all fittings. In a number of resorts (eg Bormio) equipment is stored in the shop at the end of the day and collected each morning. This alleviates the need to carry equipment long distances.

INSPECTION VISITS

We are able to arrange Ski Inspection visits for our customers. These are in the format of weekends/long weekends or tagging onto a full group tour, either over half term 2016 or Easter 2016. We will provide travel, half board accommodation and lift pass.

Alternatively we are able to offer shorter inspection visits by air to any of our European resorts, tailored to suit your requirements and dates. These will include flights, half board accommodation and lift pass.

PLEASE CONTACT US FOR DETAILS.

APRÈS SKI ACTIVITIES

Each resort has a variety of evening activities available for use by our groups. Our representative will advise and arrange the booking of any such activities. A pre-booked package can be arranged in most resorts to suit your requirements. Some hotels have their own facilities which can be used, in many cases, free of charge or for a nominal fee. This ensures unnecessary high expenses are avoided in resort.

OUR CONTINENTAL PARTNERS

We are very fortunate to have two continental partners in Italy and Austria. GIOVANNI ZOMPARELLI - has also worked with groups since the early 1980's and will personally arrange and oversee all of our groups in Italy. Giovanni's team of experienced Italian representatives will look after each of our groups in all other Italian resorts. This will ensure the smooth running of every tour.

Premier Ski will look after all our clients travelling to Austria. Their highly qualified staff/Instructors will oversee all aspects of the tour ensuring everything runs as smoothly as groups expect.

YOU WILL OFTEN SEE A NUMBER OF ITALIAN HOTELS FEATURED IN SEVERAL BROCHURES FROM DIFFERENT COMPANIES. THIS RESULTS IN MANY GROUPS BEING DISAPPOINTED AND LET DOWN DUE TO BEING MOVED FROM THE HOTEL (AND OFTEN RESORT) ORIGINALLY BOOKED AFTER CONFIRMATION. GIOVANNI PERSONALLY BOOKS ALL ITALIAN BEDS EXCLUSIVELY FOR SKI AND SPORT. THIS ENSURES THAT OUR TOURS RUN EXACTLY AS BOOKED.

ACCOMMODATION AND FOOD

By concentrating on fewer resorts than many of our competitors we are able to ensure a high standard of accommodation in these resorts. ALL properties are of 3 and 4 star standard and WITHIN EASY

WALKING DISTANCE OF SLOPES. All European tours will include A HOT MIDDAY MEAL either back in the hotel at lunchtime or on the mountain at our restaurant (Bormio). We feel that students need as much energy as they can get and therefore a hot lunch is much more beneficial than a packed lunch (provided as a cost cutting option) which is regularly discarded.

PROMOTIONAL MATERIAL AND PRESENTATION EVENINGS

Ski and Sport are able to send any group booking with us a detailed powerpoint on any of our resorts prior to booking and to help promote the tour. Posters and savings cards

are also provided. We have been attending School Ski Presentation evenings for parents for many years. On most occasions there are no travel company representatives in attendance. Instead a basic "powerpoint" presentation is posted to the school, often showing limited information on a specific tour.

SKI AND SPORT WILL THEREFORE ATTEND ALL SUCH EVENINGS UNLESS REQUESTED OTHERWISE*

*This is obviously subject to flexibility in booking such evenings.

The showcase of Alpine skiing

There is some 80km of piste served by 23 lifts in Bormio itself but extended lift passes also give access to nearby resorts of Santa Caterina and Livigno to extend the area to 200km and 57 lifts. The local ski area is almost entirely on one very large mountain, Cima Bianca divides into open snowfields above Bormio 2000. From the top of Cima Bianca at 3000m are a selection of blue, red and black runs taking you all the way back to the village, some 7 miles.

The range of skiing even surprised ski ace Franz Klammer who once commented favourably on the length and quality of runs. Broad, tree lined pistes below are very suited to beginners and intermediates with almost all runs graded either easy or medium. The 2 nursery slopes at Bormio 2000 and Ciuk are reached by cable-car and gondola and these superb runs offer easy progression aided by the efficient and friendly local ski school.

A skiers paradise

Santa Caterina Valfurva lies some 14km from the town of Bormio along the road which follows the River Frodolfo. Forming part of the Stevio National Park, it has often been referred to as a 'skiers paradise' being a typical high alpine village surrounded by pine forests and covered in snow for many months of the year.

With a village height of 1700m and now reaching a top ski point of over 3050m Santa Caterina can be relied upon to provide a long and snow sure season. It has long been a World Cup venue and hosted the Ladies downhill again in the 2005 World Championships. Many millions of Euros have recently been spent in upgrading the whole lift system, building new gondolas and up-grading existing slow chair lifts.

There are excellent nursery facilities in the village itself situated at nearly 6,000ft in the "ski stadium" where there is a special area for younger visitors served by an easy beginners lift. A secondary nursery area is also located at the start of the main gondola's second section at over 2000m.

Better skiers will use this gondola to continue up to the start of the superb open snow bowl called "Sunny Valley" or they may use a series of chairlifts which serve a variety of excellent long runs both up the mountain or back through the trees to the village itself. The Sunny Valley area is very popular to its superb snow conditions throughout the season and its selection of high altitude easy beginner to intermediate slopes above the tree line. There is also a large mountain restaurant in the Sunny Valley area which is popular for groups to stop off for a short break. The scenery in this area is also very spectacular.

A modern snow installation system is also in place, where necessary, the natural snow cover and ensure reliable conditions from December to late April. In total there are some 60km of piste covered by 8 modern ski lifts.

"Little Tibet"

Ski and Sport were pleased to introduce this famous Italian resort into their programme in 2015. This superb high level resort is very popular with the UK adult market and we are very fortunate to have secured a programme for groups.

The resort enjoys a very long ski season running from November to Mid May 2016. Due to its sheltered position and an altitude of nearly 2900m at the top, skiers can be confident of having excellent snow conditions at any time of the season including a late Easter. The skiing in Livigno is split into 2 areas one either side of the valley. There is an excellent choice of runs for all abilities and skiers taking lessons from the award winning ski school will soon progress onto a variety of runs.

The resort also boasts Italy's best snow-park "Little Tibet" where skiers will enjoy hours of fun. The resort also organises and hosts a wide and varied range of internationally renowned events of every winter discipline including cross country skiing in December to spectacular freeski jumps in the snow castle. The resort is also pioneering a series of "snow survival" courses throughout the year. Over 115km of well groomed pistes, served by 31 lifts, are covered on the ski pass and the nearest lift being only 50m from our hotel.

MEALS

All meals are taken in the hotel including a hot midday meal each day. The spacious dining room looks out on the village below and across to the mountains beyond. Food is again of a high standard as would

be expected of a 3 star hotel and consists of many local Livigno dishes as well as buffet breakfast and buffet choice of salad and starter in the evening plus continental choices.

SKI EQUIPMENT

Again we are fortunate that the hotel has its own rental shop in the complex itself so there is very little carrying involved. The hotel has a large heated boot room for use by our groups.

LESSONS

The Livigno ski school has a very high reputation both for ski and snowboard instruction. Having worked with English clients for a long time we are able to ensure English speaking instructors are provided for all our clients.

APRÈS SKI

During the evening the resort of Livigno really comes alive. There are numerous bars, café's and other forms of evening entertainment. The multitude of shops offer an excellent choice of goods to purchase and because of its DUTY FREE status prices are unbeatable.

Rooms are well furnished with views of the slopes, full bathroom and toilet facilities and a variety of sizes.

All meals are taken in the hotel including a hot midday meal each day. The spacious dining room looks out on the village below and across to the mountains beyond. Quality Resort

Folgarida and Marilleva, who share their slopes with Madonna di Campiglio, is still relatively unknown to British skiers. A large area of piste is covered by artificial snow making machines which are very often used in very early season to build up a good base.

The Val di Sole is renowned for its heavy snowfalls that usually guarantee good skiing until the end of April. The slopes are well maintained and offer an excellent progression from first day beginner to expert, with lots of wide gentle runs for novices. Your lift pass covers Folgarida and Marilleva, which is about half the circuit. Intermediates and advanced skiers can buy an inexpensive daily lift pass extension and enjoy the skiing over at Madonna di Compiglio.

There are three areas of linked slopes around Madonna: Pancugolo to the west, Pradalago to the north, and Passon Groste (the highest area) to the east. Pradalago is also linked by lift and piste to Monte Vigo, where the slopes of Folgarida and Marilleva also meet. New lifts have been added in recent years including a new link to the nearby resort of Pinzolo. This has added a further 40km of piste to the circuit.

Trendy year round resort

Nestled in the Western Italian Alps, a stone's throw from the French border, Sauze d'Oulx is a trendy year round resort in the province of Turin, located on the Via Lattea, or Milky Way, a skiers paradise spanning 400 kilometres of piste served by around 100 ski lifts.

SKIING

Known as the "Balcony of the Alps" for its especially scenic position 1500 metres above sea level, Sauze combines a combination of natural beauty, historic charm and easy access to both groomed and off piste skiing.

The area offers a paradise of long quiet slopes with a mixture of lower, tree lined slopes together with an amazing choice of higher more open runs with stunning panoramic views. The resort is the best base for skiers and snowboarders alike with easy access to the adjacent resorts of Sestriere and Sansicario. There are a variety of lifts including the more modern gondolas built for the 2006 Winter Olympics. In general pistes are not difficult with some red runs being in fact blue in difficulty. For experts there is less choice but some runs are very challenging such as the Olympic in Sestriere and the Canale Colo in Sauze itself.

All areas are suitable for both family and school group skiing and there are many "kid-parks" for smaller children. Once again we use the official local ski school who are fully qualified and have preferential access to lifts.

APRÈS SKI

Sauze d'Oulx is the liveliest of the areas towns with a traditional village with numerous bars, cafes and shops. Prices are reasonable for all activities and entertainment includes Cinema (with English films), open air ice rink, games hall, disco and pizzeria.

'The hidden jewels in Italy's crown' a newspaper article recently quoted. 'Italy's answer to the 3 valleys' says another. The Monte Rosa peaks soar above the valleys, and from Gressoney they are particularly spectacular as the vast south-facing glaciers descending from the mighty 14,738ft peaks seem ever poised to pour into town. For those who still need to gain familiarity with skiing there are lots of easier 'blue' runs, but in every Monte Rosa ski station there are also the more interesting 'red' runs of intermediate difficulty. However, there is no lack of enticing 'black' slopes where the most expert skier can test his or her prowess. The district is equipped with artificial snow systems covering a total of 70km of piste with over 400 snow-firing points. The overall altitude of the entire area ranges from 3260m at Forcella di Bors to 1212m at Alagna. Now accessible by pisted runs Alagna adds another excellent area onto the Gressoney pass. The nearby traditional villages of St Jean and La Trinite are well worth a visit, here there are also various après ski activities which include small ice rink, swimming pool various bars, cafes and pizzerias & an excellent sports centre in St Jean.

HOTEL MONBOSO

☆☆☆☆

The Hotel Monboso is situated at Gressoney Stafal, the highest hamlet in the Gressoney Valley at 1800m and only 100m from both the Gondola connecting the Alagna side of the area and the cable car linking the Champloc area. You are also able to ski back to within 100 metres of the hotel. This superb 4 star hotel offers a high standard of accommodation with spacious rooms of 2/3 and 4 beds all with full bathroom and WC facilities.

All meals are taken in the Hotel's own dining rooms and feature a superb hot and cold breakfast buffet, an excellent choice of hot midday meals and a variety of menu's, including local and International dishes, for evening meal. There is also an excellent bar and entertainment room, games room, disco area and cinema room together with regular entertainment nights run by the hotel themselves.

HOTEL FLORA ALPINA

☆☆

This excellent family run hotel is situated in the village Gressoney St Jean and only 100m from the Weissmatten's ski lifts serving the independent ski area of St Jean. Its 12 bedrooms vary in size from single to 4 beds, all with private bathroom and WC and all recently renovated. All bedrooms feature colour TV with satellite, hair-dryers and direct phone. It is ideal for a group of approximately 45 passengers preferring a hotel to themselves. There is a pleasant TV room and bar area as well as a "garden" with games.

Meals are taken in the Hotel's own dining room and feature both local dishes of the Aosta Valley as well as general Italian cuisine. The chef Guiseppi Barell is a native of the valley and is proud of his high standard of food containing genuine and home made ingredients. The hotel are also happy to cater for individual group needs.

HOTEL BELVEDERE

☆☆☆

The Hotel Belvedere is situated adjacent to the slopes in Gressoney St Jean with the nearest lift only 50 metres away. This excellent 3 star hotel occupies an elevated position overlooking the village and is an ideal venue for groups.

A paradise for intermediate skiers

INTRODUCTION

We are pleased to include in our programme one of Austria's largest linked ski areas.

SKIING

Soll has been popular with British skiers for many years with its extensive choice of beginner and intermediate slopes, nearly all (80%) served by ski making facilities which is the most extensive in Austria. The pretty village is compact and easily explored on foot. A large number of the slopes are northerly facing ensuring good snow conditions until late March.

Our groups can access the ski area by gondola either from Itter or Hopfgarten which are only a 5 to 8 minute journey. At the top of the gondola at Itter are a number of nursery slopes and easy longer green runs to progress to. Access to the main ski area from Hopfgarten is via a 2 stage gondola which is usually queue free. Again there are also nursery slopes in the village. When snow conditions are at their best the runs back down to Hopfgarten are some of the best in the Ski Welt

The Ski Welt is a paradise for intermediate skiers with lots of areas ideal for cruising around. It is a big area with lots of blue runs and easy reds. In general most of the more difficult runs are those from the mid stations to the valley areas of Blaiken, Brixen and Soll itself as well as over to nearby Westendorf. The black run alongside the Brixen gondola is perhaps the most difficult in the area especially if the snow is softer due to its southerly aspect.

Soll also has its own terrain park and floodlit funslope with numerous features including two lines of banked curves, jumps, boxes and a tunnel suitable for all abilities and also floodlit for night riding 4 days a week.

APRÈS SKI

There are two toboggan runs (4km and 3km) from the top of a gondola and both are floodlit 4 nights a week.

There are a variety of shops, café's and bars in the various surrounding villages as well as swimming nearby, skating and pizzerias.

TRAVEL

By coach departing Fridays and Saturdays and arriving the following day. Approximate journey time from Calais is 14 hours. Coaches return after evening meal on the departure day and arriving back into the UK the following morning.

We use DFDS ferries from Dover to Calais and Dunkirk and P & O ferries from Dover to Calais.

By air on Saturdays or Sundays to Munich or Salzburg with a transfer time of 2.5 hours and 1 hour respectively.

GASTHOF HAUSERWIRT, WORGL

☆☆☆

Lively venues for group skiing

INTRODUCTION

The newly extended ski area of Saalbach-Hinterglemm which will be connected to the nearby resort of Fieberbrunn in 2016 is one of the largest interlinked areas in Austria. These pretty, traditional villages have long been popular with British visitors and both offer lively venues for group skiing.

SKIING

Beginners are well catered for in both villages with Hinterglemm's spacious nursery area being separate from the main ski area. The nursery slopes here are also northerly facing ensuring a longer season and reliable snow. Progression is also aided by a gondola serving a blue slope that is also used for night skiing. There are also lots of other easy blue slopes to move onto... Saalbach's two sunny nursery slopes are right next to the village. The upper one is served by a six seater chair and there are short easy runs to progress to.

The ski runs for a "circus" almost entirely composed of broad slopes between forested glades which provides a sheltered area for skiing during bad weather. There are a paradise of intermediate slopes of blue and red runs with many of the reds only being similar to blue runs. Skiing anti-clockwise it is possible to ski

Nearly the whole area entirely on blue runs. The links across the valley work well and skiers can cover both sides without having to descend to the villages more than a couple of times.

Reiterkogel is where the new gondola and 3.5 km long piste with connect with Fieberbrunn. The Wildenkarkogel sector connects to the nearby village of Leogang which is a very small, high open area served by fast lifts with a number of north facing slopes.

Better skiers and Boarders are also well catered for and boarders will be pleased that lifts are mainly chairs and gondolas. The long (4km) Nordabfahrt run beneath the Schattberg Ost gondola is a genuine black as is the World cup downhill run from Zwolferkogel.

Freestylers will also be happy with no fewer than 3 snow parks-one of which is just outside our accommodation and floodlit at night.

APRÈS SKI

In addition to the activities in the hostel, the two resorts offer a variety of après ski activities including snowshoe hiking, sledging, horse drawn carriage rides, skating and curling, snow tubing and floodlit skiing. There is also a numbers of shops, cafes, bars and pizzerias. Groups can also go bowling or visit nearby Zell am See for Ice Hockey matches and swimming.

TRAVEL

America's most accessible resort

A wonderful addition to our ski programme, Park City is America's most accessible (and enjoyable) resort and boasts the highest snowfall in the USA.

Amid the rugged beauty of the Rocky Mountains is historic Park City Utah and its three unique year round resorts of Park City, Deer Valley and Canyons Resort. In Wintertime you'll enjoy over 3800 hectares (9,500 acres) of skiable terrain and an unmatched 350 inches of Utah powder.

Park City was almost built overnight with the discovery of Silver in 1872 and with the closure of the mines the ski resort was opened in 1963. Since then winter tourism has continued to grow, boosted by the 2002 Winter Olympics held in Salt Lake City in 2002. Housed within and around the many quaint buildings are over 100 restaurants and bars, numerous shops, galleries, spas and health clubs.

The ski area is a paradise for all grades of skier with its 57 lifts, 6 terrain parks, 22 peaks and 20 bowls serving its huge 387 trails of skiing and 3000 feet of vertical descent. In 2011 Canyons Resort opened up more than 120 hectares of exiting intermediate runs with breathtaking natural views for those who want to test their skills. This expanded the total resort terrain to 4,000 acres.

The new state of the art high speed chairlift, Orange Bubble Express, is one of the longest in North America and, with enclosed canopies and heated seats, its also one of the most comfortable. Bringing the total lift count to 18, skiers and boarders can expect to spend less time waiting and more time enjoying the mountain.

Impressive ski resort

We are pleased to offer this impressive high altitude ski resort in the heart of the Rocky Mountains of USA. It boasts the best snow record of all the major resorts in this area and superb skiing to suit all abilities.

The approach to the resort over the 3450 metre Berthoud Pass is particularly spectacular and Alpine in character. Winter Park started life as a centre for Rio Grande railway workers in the 19th Century and rapidly developed along the main road.

Beginners have their own dedicated area, Discovery Park which is a 25 acre area reached by a high speed quad and served by 2 more chairs. As well as the nursery area and longer green runs, it has an adventure trail through trees. An additional beginners area can also be found at Sorensen Park with lots of very easy green runs.

Intermediates are spoiled for choice as wherever you go on Winter Park Mountain or Vasquez Ridge you can choose a run to suit your ability. Most blue runs are very well groomed overnight so it is a pleasure to ski them in the morning. Parsenn Bowl has grand views and several gentle cruising pistes as well as more challenging terrain.

Winter Park's ski area is impressive by US standards and quite complex with 6 distinct sectors. From the main base, which has developed over the last few years, a fast quad lift takes you to the peak of the original Winter Park mountain. From here you can descend in all directions. Some runs lead back towards the main base and over and over to the Vasquez Ridge. Alternatively you can descend to the base of the Mary Jane mountain where 4 chairs serve some tougher skiing including several mogul fields.

There are no less than 6 terrain parks ranging from beginner to expert only areas.

ITALIAN FOOTBALL

Football, Magnifico!

Our second venue for sports tours is the picturesque region of Lake Garda in the Trentino region of Italy. Tours will operate on the same format as Spain with a number of interesting features in the area well worth a visit. Italian fixtures are against local club sides, all within a 45 minutes drive from the hotel's. The season runs from October to the end of May. We make every effort to ensure that fixtures for each team are as close together as possible but sometimes if there are girls and boys fixtures from the same group it is necessary to travel from one game to the other fixture. Training is on excellent enclosed areas again close to the hotels.

Included in our Italian Sports programme is a guided tour of the Stadium Giuseppe Meazza, commonly known as the San Siro Stadium which is the shared home of AC Milan and FC Internazionale Milano (Inter) both playing in Serie A of the Italian league. These famous clubs have a superb history in European Football. Named after the area of Milan where it is situated, the stadium is considered one of the quintessential symbols of the city of Milan and is one of the most famous stadiums in world football.

The museum is part of the tour and was the first of its kind to be set up in Italy. The San Siro Store, the main point of reference for all fans of the two teams, offers a complete range of official products of both teams including all new and exclusive brands. Its own radio station broadcast in the shop adds even more to the atmosphere.

We are able to offer a selection of excellent 3 star hotels in the Lake Garda area.

All communications relating to this contract (in particular any requests to cancel or amend your tour arrangements) must be from the Lead Name in writing and in English and delivered by hand, fax email or sent by recorded delivery post.

4. HOLIDAY PRICES & GUARANTEE

The lead in prices shown in this brochure are for guidance only and we reserve the right to change any of these prices. Prior to making your reservation you will be given a detailed price breakdown. Prices shown in the brochure will be based on the exchange rates shown in the Financial Times on 17th April 2018. The rates were as follows:- Euro = 1.158. US\$ = 1.433. Canadian \$ = 1.802.

Once the final price of your arrangements has been confirmed, no amendment will be made to it unless it is to make a correction to an error, or if our costs change as a result of an increase or decrease in transportation costs or dues, taxes or fees payable for services such as landing taxes or embarkation or disembarkation fees at ports or airports or as a result of any changes in the exchange rates which have been used to calculate the cost of your arrangements. Furthermore, surcharges may result due to governmental action, and/or changes in VAT rates on Accommodation and local services. However, there will be no change within 30 days of your departure.

Our prices are valid and applicable for pupils up to 16 years of age in full time education. The adult supplement is applicable for clients who are 18 years or over at the time of travel, and there maybe a small supplement for students between 16 and 18 years of age. Additional adults in excess of the numbers offered as 'free places' can normally be accepted at a supplement quoted by our office. Especially during high season it should be stressed that single, twin or double room requests must be kept to a minimum, and are strictly subject to written confirmation by the Company.

All tours are subject to surcharge as a result of circumstances referred to above. In all cases where a surcharge is applicable you will be notified up to 30 days prior to departure if a surcharge is due. We will absorb an amount equal to 2% of the tour price, excluding any insurance premium, amendment fees and changes in VAT. Only amounts in excess of 2% will be surcharged with a £1 per person administration charge. If this means paying more than 10% of the tour price you will have the option to change to another tour, if we are able to offer one, or to cancel the tour and receive a full refund of all money paid (minus insurance premiums and any amendment fees incurred). *£50 for tours costing less than £350.

Should you wish to cancel because of this, you must exercise your right to do so within 14 days from the issue date printed on the surcharge advice.

We will consider an appropriate refund of the insurance premiums paid if you can show that you are unable to transfer or reuse your policy. Should the price of your tour go down due to the changes mentioned above, by more than 2% of your tour cost, then any refund due will be paid to you. However, please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the price of your travel due to contractual and other protection in place.

5. FINANCIAL PROTECTION

The Package Travel, Package Holidays and Package Tours regulations of 1992 requires us to provide security for the monies that you pay for all holidays booked through this brochure and for your repatriation in the event of our insolvency. We provide this security by way of a bond held with ABTA the Travel Association. Ski and Sport are members of ABTA (No Y4964). All tours by air have protection by way of a bond held by the CAA ATOL (Air Travel Protection License) No. 10526. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer customers an arbitration scheme for the resolution of disputes arising out of, or in connection with, this contract. Further information on the Code and arbitration can be found at <http://www.abta.com>

The Arbitration scheme is arranged by ABTA and administered independently by ADRS, part of the Chartered Institute of Arbitrators. It provides for a simple and inexpensive method of arbitration on documents alone with restricted liability on you in respect of costs. The scheme does not apply for claims greater than £5,000.00 per person or £25,000.00 per booking form. Neither does it apply to claims which are solely in respect of physical injury or illness or their consequences. The scheme can however deal with compensation claims which include an element of minor injury or illness subject to a limit of £1000.00 on the amount the Arbitrator can award per person in respect of this element. The application for Arbitration must be received by IDRS within 9 months of return from the holiday. Outside this time limit arbitration under the scheme may still be available if the Company agrees, but the ABTA Code does not require such agreement.

For injury and illness claims you may wish to use the ABTA/Chartered Institute of Arbitrators Mediation Procedure. This is a voluntary scheme and requires us to agree for mediation to go ahead. The aim is to help you resolve your dispute in a quick cost effective way. Again details are available from www.abta.com If you book arrangements other than a package tour (as defined by The Package Travel, Package Holidays and Package Tours Regulations 1992,) the financial protection referred to above does not apply.

6. ALTERATIONS AND CHANGES BY YOU

Should you wish to make any changes to your confirmed booking, you must notify us in writing as soon as possible. We will do all we can to make the necessary amendments, provided we have written confirmation of the change from the person who signed the booking form. Where we can meet your request we reserve the right to make an administration charge of £20 per amendment, together with any costs incurred by ourselves and any costs or charges incurred or imposed by any of our suppliers in making the change. This includes name changes.

7. IF WE CANCEL OR CHANGE YOUR HOLIDAY

Because arrangements shown in this brochure are made many months in advance, changes are sometimes necessary. These will usually only be minor changes that do not entitle you to compensation. Whilst we always endeavour to avoid changes and cancellations, we must reserve the right to do so. Most changes will be considered minor such as but not limited to changes to overseas airport, airline, aircraft, ferries or coaches used, changes to departure times of less than 12 hours or the withdrawal of certain facilities. These changes will be advised at the earliest possible date.

Occasionally, we have to make a significant change which includes a change of accommodation to that of a lower official classification or standard for the whole or a major part of the time you are away, a change of resort from one country to another, a change of outward departure time of more than 12 hours. In the unlikely event of this happening you will have a choice of the following options:

- Accepting the changed arrangements
- Purchasing an alternative ski tour from us, of a similar standard to that originally booked if available (if the chosen alternative is less expensive than your original one we will refund the difference, but if it is more expensive we will ask you to pay the difference), or
- Cancelling, in which case you will receive a full refund of all monies paid within 14 days.

Compensation will be paid, as outlined below, per full paying passenger, if we have to make a major change to your tour within 10 weeks of the scheduled departure date unless the change is due to circumstances beyond our control including, but not limited to, war, the threat of war, riot, civil commotion, actual or threatened terrorist activity, act of god, industrial dispute, governmental action, epidemic, disease, adverse weather or natural disaster:

More than 70 days	Nil
70-30 days	£5 per paying member
28-15 days	£10 per paying member
14 days or less	£15 per paying member

On rare occasions, especially at the beginning and end of the season, a ski area may be without snow. When we know that to be the case before departure, we may, at our absolute discretion, offer affected clients the option of transferring their ski tour and/or their accommodation to other ski areas in the same or other countries in order to make skiing possible. Snow is of course totally outside of our control and a lack of it will not constitute a significant change, compensation payments referred to above will not therefore in this case apply.

Compensation will not be payable if we are forced to cancel, or in any way change your tour for reasons of consolidation due to minimum numbers not being attained or force majeure. Operation of all tours is dependent on a minimum number of persons booking the tour. If that number is not achieved, we reserve the right to cancel the tour.

In no circumstances, except for non payment of the balance, or events beyond our control, will we cancel your tour within 10 weeks of departure. NB In the interests and the comfort and safety of all our customers, employees and suppliers, we reserve the right to terminate the tour arrangements of any customer whose behaviour, in our opinion, or the opinion of other persons in authority, is such that it likely to cause upset, danger or injury to our staff, customers or others or damage to property.

8. OUR LIABILITY TO YOU

Our contracts with hotels and carriers provide for the allocation of rooms and seats to us. Your booking will normally be made within those allocations but no specific rooms or seats can or will be confirmed. However, we accept responsibility for ensuring that all to a reasonable standard. Our obligations, and those of our suppliers providing any service or facility included in your tour, are to take reasonable skill and care to arrange for the provision of such services and facilities. You must show that reasonable skill and care has not been used, and that you have suffered loss as a result, if you wish to make any claim. We will though not be responsible or pay you compensation for any injury, illness, death, loss, damage, expense, cost or other claim which results from:

- The act(s) and/or omission(s) of the person affected;
- The act(s) and/or omission(s) of a third party not connected with the provision of the services contracted for and which were unforeseeable or unavoidable;
- Force Majeure as defined or unusual or unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised; or
- An event which either ourselves, our employees, agents or suppliers and subcontractors could not, even with all due care, have foreseen or forestalled. In the event of (b), (c) and (d) above, we will nevertheless provide you with reasonable assistance should you require it but reserve the right to pass on any charges we incur.

The services and facilities included in your tour will be deemed to be provided with reasonable skill and care if they comply with any local regulations which apply, or, if there are no applicable local regulations, if they are reasonable when compared to the local standards or customary practice of the service or facility in question. The fact that services or facilities do not comply with local or UK guidance or advice shall not mean that the services or facilities have not been provided with reasonable skill and care.

We limit the amount of compensation we may have to pay you if we are found liable under this clause as follows:

(a) Loss of and/or damage to any luggage or personal possessions and money, Where we are found liable for loss of and/or damage to the above, the maximum amount we will have to pay you is limited to the excess amount payable under the insurance policy we offer per person affected. You are required to have taken out adequate insurance at the time of booking.

(b) Claims not falling under (a) above or involving injury, illness or death The maximum amount we will pay you in respect of these claims is twice the price paid by or on behalf of the person(s) affected in total. This maximum amount will only be payable where everything has gone wrong and you or your party proves you have not received any benefit at all from your booking.

(c) Claims in respect of international travel by air, sea and rail, or any stay in a hotel.

TERMS & CONDITIONS

The extent of our liability will in all cases be limited to the same extent as if we were carriers under the appropriate conventions, Directives and Regulations, which include but are not limited to The Warsaw/Montreal Convention (international travel by air); The Athens convention (with respect to sea travel); The Berne/Cotif Convention (with respect to rail travel); and The Paris Convention (with respect to hotel arrangements). You can ask for copies of these conventions from our offices or obtain them on the internet. In addition, you agree that the operating carrier or transport company's own 'Conditions of Carriage' are incorporated into this contract and will apply to you on this journey. When arranging transport for you, we rely on the terms and conditions contained within these international conventions and those 'Conditions of carriage'. You acknowledge and agree that these form a part of your contract with us, as well as with the transport company applicable.

In any circumstances in which a carrier is liable to you by virtue of the denied boarding regulation 2004, reimbursement, in such cases, is the responsibility of the airline and will not automatically entitle you to a refund of your holiday cost from us. If any payments to you are due from us, any payment to you by the airline will be deducted from this amount. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from any supplier or transport provider or hotelier for the complaint in question. It is a pre-condition of our acceptance of liability under this clause that you notify any claim to ourselves and our suppliers strictly in accordance with the complaints procedure set out in clause 11 of these conditions failing which no payment will be made.

Where any payment is made, that the person(s) receiving it (and their parent or guardian if under 18 years) must also assign to ourselves or our insurers any rights they may have to pursue any third party and must provide ourselves and our insurers with all assistance we may reasonably require. We will not accept responsibility for services or facilities which do not form part of our contractual agreement as set out in our confirmation invoice. For example any excursion you book, or any service or facility which your hotel or any other supplier agrees to provide to you.

9. PROMPT ASSISTANCE IN RESORT

If the contract we have with you is not performed or is improperly performed as a result of failures attributed to a third party unconnected with the provision of the services, or as a result of failures due to unusual and unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised, or an event which we or our suppliers, even with all due care, could not foresee or forestall, and you suffer an injury or other material loss, we will offer you such prompt assistance as is reasonable in the circumstances.

10. PASSPORT, VISAS & IMMIGRATION REQUIREMENTS

Whilst we are able to provide basic advice to clients regarding passports and visa requirements, you should check with the appropriate Embassy, Consulate or British Foreign Office for the exact requirements of the country (ies) to or through which you are intending to travel. Requirements may change and you must check for your chosen tour and date of travel.

The party leader is entirely responsible for the completion of passport and visa formalities and other personal arrangements which may be necessary such as visa for non-British citizens. We cannot accept responsibility for any cost or fines incurred due to non-compliance with the above nor can we accept any liability if you are refused entry onto any transport or into any country due to failure on your part to carry correct documentation.

For all passport information, contact the UKPS National Advice line or online at www.direct.gov.uk/passports

11. CAN SOMEONE TRAVEL IN YOUR PLACE

Only if the proper amendment procedure is followed – see clauses 3 & 6. Accommodation is reserved only for the use of the persons named on the passenger names list. Subletting, sharing or assignment is prohibited.

12. IF YOU HAVE A COMPLAINT

We aim to provide you with the best tour possible, but if a problem should arise, you must report it immediately, or as soon as is reasonably possible, to our local representative, our country manager or our office and to the relevant supplier of the service, so that we are given an opportunity to resolve the problem on the spot. If, after allowing our representative the opportunity to deal with the matter, you remain dissatisfied, your party leader should ask our representative for a customer services report form and record your dissatisfaction formerly in writing.

Your party leader should then write to Ski and Sport, Unit 2 Willow House, 4 Stubley Hollow, Dronfield, Derbyshire S18 1PA - quoting your booking reference number, within 28 days of returning from your holiday. We will not accept liability for any complaint, not reported to our representative, if such a complaint could have been resolved had it been reported, nor for any complaint received outside the 28 day period. We always aim to resolve any complaint amicably, but if this cannot be done, you are entitled to take advantage of the Scheme of Arbitration previously described. We undertake to acknowledge receipt of your letter within 14 days and within 28 days to send you a full reply or an explanation for the delay. In any event we undertake to send you a full reply within 56 days. If you do not follow this simple complaints procedure your right to claim any compensation will be limited to £100.

13. TRAVEL INFORMATION ALL HOLIDAYS

Length of Tour- On all our coach holidays Ski and Sport consider day 1 as the departure day from the UK port and the final day as the arrival back into the UK. For groups who have a long journey too and from the UK port, the actual number of days involved overall may be greater than the advertised tour length because of this actual travel in the UK.

Coach Tours- All Ski and Sport tour are operated by Executive coaches. All the coaches we use are personally vetted by our staff and are all of a high standard. We only use reliable operators who in turn only use modern, comfortable coaches. All vehicles are fitted with the following features as standard:- Seat belts (which must be used at all times - the party leader and accompanying adults are responsible for ensuring that the lap belts are worn at all times during coach travel. Please note that coaches hired locally on the continent are not yet subject to the same legislation)

Your coach will pick your party up at your designated departure point, remain with you throughout the tour and return you to this point. Drivers Hours- All itineraries are agreed with coach companies prior to departure adhering to strict EU driving regulations. Please also note that due to driver's hours coaches may not be available to use prior to departure on the final day. Seat belts are now fitted to all coaches.

We reserve the right to utilize any empty coach seats for our clients or staff. Timings - all timings shown in our publications are for guidance only. They are subject to confirmation and alteration. Your confirmation of travel details will be given within 4 to 6 weeks of departure and after final balances have been paid. Delays- we would like to guarantee that all our departures would not be delayed and most do in fact depart on time. Unfortunately though, delays do occur. These are completely beyond our control but we work closely with our transport companies and overseas representatives to ensure any such delay is a short as possible. Our aim is to minimize the inconvenience of delays so far as is possible but your travel insurance offers real protection.

14. ACCOMMODATION AND RATINGS

Official ratings are set by the relevant authorities in each country and are mentioned in the brochure descriptions where applicable. Different countries do not have the same methods of rating hotels and holiday accommodation and, consequently, a 3 star hotel in one country may not have the same standards as a 3 star hotel somewhere else. It is also likely that there will be other guests staying in your accommodation and consequently facilities and entertainment may vary according to the mix and ages of such guests.

Rooms - Rooms are normally available from 1400 hours on arrival day and must be vacated by 10.00hrs on the day of departure. Every effort is made for the availability of washing and secure luggage storage facilities on the day of departure. On most occasions student accommodation will comprise of 2-4 beds per room, using bunk beds where appropriate, but will all have full en-suite facilities. Staff travelling with school groups will be given twin/double rooms where necessary but single rooms will carry the appropriate supplement.

Facilities - The cost of using hotel facilities eg Swimming pools, hot tubs etc are not always included. Please also note that any use of these facilities must be supervised at all times and no swimming facilities will be available when a full qualified attendant is not on duty. All opening times of said facilities must be adhered to.

Deposits - Some apartments and some hotels sometimes ask for a damage deposit. This deposit is fully refundable at the end of the stay provided no damage has been caused.

Please also note that most ski resorts with electronic lift passes also ask for a lift ticket deposit (approximately 5 Euros) which is also refunded on return of the lift

pass to our representative at the end of the week.

Meals - All our school ski tours include full board with a hot midday meal unless an alternative is stated and/or requested. Adult passengers are on half board, again unless an alternative is requested. We believe that lunch is an important meal, especially for skiers, using high energy. Breakfast will be of a continental style unless stated otherwise. No drinks, other than with breakfast and water, are provided on any tour.

Facilities - Wi-fi and Internet services in hotels is subject to local supplier conditions over which we have no control and so cannot be responsible for non-availability or absence of service.

Where accommodation is described as offering 'doorstep' skiing it will be dependent on individual skiers ability and snow conditions in resort. Where walking distances are quoted, it is based on the guideline time for an adult walking 100m in one minute in standard footwear as timings will vary on footwear and conditions including personal fitness. Free ski bus services may be subject to capacity restrictions.

15. SNOW GUARANTEE

Our resorts have been chosen carefully for their snow record and back-up but in the event of you not being able to ski in the resort of your choice, due to closure of all the lifts in your resort, as a result of insufficient snow, or avalanche. Ski and Sport will transport you each day, if possible, to the nearest skiable resort and provide you with a lift pass for that resort up to a maximum cost of £20 per person per day. In the event of this not being possible each paying person will be able to claim through the inclusive insurance policy, if taken, up to £20 per day for each complete day you were unable to ski. Please note that this guarantee is only applicable for tours taken between 31st December and 31st March. No other refunds will be made for prebooked services. Piste closure insurance does not apply when lifts do not operate due to mechanical failure or adverse weather conditions such as high winds or blizzards.

16. HOLIDAY INFORMATION, PASSPORTS AND VISAS (BRITISH CITIZENS)

A valid passport is essential when you travel abroad. If you need to apply for a passport or renew an expired one, you should do so well in advance of travel (at least 2 months before travel). In peak periods it is advisable to allow even longer. If, after booking a holiday, but before travelling, any members of your party change their name eg marriage, we must be informed immediately so that we can make the necessary changes to your documentation. Failure to advise us of such changes could result in tickets and insurance becoming invalid. Please note that both passport and visa regulations can change and therefore you should check with the necessary authorities or embassy well in advance of travel. It is your responsibility to be in possession of a valid passport and, if necessary, a visa. It can often take some time to obtain a visa so you are advised to apply in good time. It is essential that holders of non British passports check entry requirements with the consulate or embassy of the country to be visited. This is particularly important with France where all non EU nationals must apply for a visa if travelling to or through France.

WE CANNOT ACCEPT RESPONSIBILITY FOR CUSTOMERS WHO DO NOT POSSESS THE CORRECT DOCUMENTS.

17. AGES AND ADULTS

Prices are valid for pupils in full time education, aged 17 years and under on the day of departure. Pupils in full time education aged 18 and over may be required to pay a small supplement. In certain resorts pupils aged 13 and over may be required to pay a supplement, this will be advised to you at the time of booking. Concessions for party leader children are also based on the child being aged 17 and under on the day of departure. Accompanying adults over and above the free place ratio on a school tour will be required to pay a supplement of £60 per adult (max 5 extra adults), and the relevant adult lift pass supplement. Please note we can not guarantee rooming requests for additional adults joining a group. Ski and Sport reserve the right to re-cost the tour if more than 20% of the party are aged 19 and over.

18. SAFETY STANDARDS AND RISK ASSESSMENT

The safety standards and regulations overseas are those of the country in question and are not necessarily the same as those of the UK. The monitoring, enforcement and compliance with local regulations is carried out by the appropriate authorities in the country concerned. We do urge that you take all reasonable precautions to protect yourself and your group whilst on your tour. Ski and Sport also have a risk assessment available for all passengers including a detailed examination of all hotels used.

19. BROCHURE ACCURACY

All resorts and accommodation descriptions are carefully checked by our staff before going to print. However hoteliers and providers of services etc may withdraw a facility temporarily, or otherwise, especially at the start or end of a ski season. This is beyond our control. When we are told of any long term or significant changes we will inform you at the time of booking, or, if you have already booked we will advise you before departure if there is time. Some advertised amenities such as sports facilities may carry a charge. Both descriptions and photographs depict facilities that may not necessarily be available throughout the season. It should be remembered that adverse conditions such as high winds or too much snow may result in the closure of ski lifts, toboggan runs or other amenities.

20. HEALTH PRECAUTIONS

The Party leader signing the booking form is entirely responsible for passing on any health requirement information to other party members. Party leaders may wish to refer to the Department of Health leaflet T7.1. Facilities, hygiene and disease vary world-wide. You should take health advice about your specific needs as early as possible. Sources of advice include the Department of Health's free leaflet as mentioned above – "Health Advice for Travellers" available from places such as your GP, Post Office or on-line. We also recommend party leaders consult their own doctor who will be best positioned to take into account any relevant personal factors or medical requirements. We recommend that all party members travelling within the EU have a valid EHIC.

21. SPECIAL REQUESTS

We will do our utmost to pass on any special requests (eg cots, special meals) to the appropriate persons provided they are made known to us well in advance of travel and in writing. However we cannot guarantee that any/all special requests will be fulfilled and failure to do so does not constitute a breach of contract. If you are disabled - whilst we will do everything we can to provide the highest level of service to all our customers we feel that it is only right to point out that we are not a "specialist" tour operator in the field of travel for the disabled. The majority of overseas hotels and apartments are not equipped to cater for the needs of many disabled holiday makers. Furthermore the natural terrain, weather and layout of many ski resorts can make life difficult for wheelchair users. It is therefore important, if you have a disability, that the appropriate enquiries are made about the suitability of particular resorts and accommodation and that you are fully satisfied that you have made the correct choice before you book and confirm the holiday.

22. VAT

All tour prices with Ski and Sport are quoted inclusive of VAT. Please note that all our tours fall within the Tour Operators Margin Scheme (TOMS) for VAT purposes and therefore it is not possible to issue a VAT invoice. In all cases no VAT reclaim will be possible. Please contact us if further clarification is required.

23. DATA PROTECTION

None of the information you provide to Ski and Sport in connection with your booking, will be divulged to persons unconnected with your booking without your express permission. The contact details supplied, including postal address, contact numbers and email address, will only be used to fulfill tour administration and to communicate details of Ski and Sport products and services. The personal information supplied about party members will only be used to allow our employees, agents, sub-contractors and suppliers to provide the promised service to our normal high standards.

24. INSURANCE

We insist that all travellers take out a comprehensive policy of insurance to cover yourself against cancellation by you; the cost of assistance (including repatriation) in the event of illness or injury; loss of baggage and money; and other expenses. A comprehensive policy of insurance is included in our tours unless requested otherwise. We strongly advise you check it carefully to ensure that all the details are correct and that all relevant information has been provided by you (eg pre-existing medical conditions). Failure to disclose relevant information will affect your insurance. We strongly recommend that you obtain and carry a medical consent form for each member of your party under the age of 18 years.
